

Self-Gov - Geologists, State Board of Board of Professional Geologists

Description:

The Board regulates the professional conduct of Professional Geologists through the adoption of rules and the enforcement of statutes regarding qualifications, professional ethics, and conduct for all professional geologists in the State of Idaho.

Major Functions and Targeted Performance Standard(s) for Each Function:

1. Issue certificates to those applicants who meet all requirements and conditions of Idaho Code.

A. Register qualified geologists in Idaho.

Actual Results			
1999	2000	2001	2002
650	670	650	660
Projected Results			
2003	2004	2005	2006
675	680	700	700

2. Administer Geologist-in-Training and Principles and Practice exam in a manner that meets all requirements of the law.

A. Administer examination in a manner that meets all requirements of the law and exceeds national standards.

Actual Results			
1999	2000	2001	2002
30	35	40	42
Projected Results			
2003	2004	2005	2006
50	55	55	50

3. Promote mutual recognition of geologic registration in states that meet Idaho standards.

A. Continue to gather testing information from other states.

Actual Results			
1999	2000	2001	2002
3 states	3 states	3 states	26 states
Projected Results			
2003	2004	2005	2006
26 states	26 state	26 states	26 states

Program Results and Effect:

Individuals registered in Idaho will possess standards of registration equal or better than national standards.
